December 21, 2020

To Whom It May Concern,

I am writing this to explain the missing Third Friday of September enrollments and/or October 1 Child Count identifications for Palmyra Elementary School (LEA: 4221, School Code 0020) within WISEdata.

On March 10, 2020 the PEASD School Board voted to close the Palmyra Elementary building for the 2020-21 school year. All the 4K through 5th grade student data was transferred to our Eagle Elementary entity. The 6th grade students were moved to the Palmyra-Eagle Middle School entity, which will now report on grades 6, 7 and 8. As of this date, the closure is considered temporary. The building has not been listed for sale. If the facility is permanently closed, I will make sure that the district administration will notify DPI.

If there are any questions regarding this letter, please let me know. My email address is: apopp@peasd.org.

Thank you for your help with this matter,

Ann Popp
Palmyra-Eagle Area School District Registrar
Data Management Administrative Assistant
